EDUCATION

Shiley-Marcos School of Engineering, University of San Diego

San Diego, CA

Major: B.S. Computer Science - Concentration in Cyber Security

Minor: Spanish, Mathematics

Expected: May 2028

GPA: 3.44

SKILLS:

Programming Languages: Python, Java, C

Languages: Fluent in Spanish & English

Skills: Team Leadership, Mentorship, Project Ownership, Decision-Making, Conflict Resolution

Related Courses: COMP 110 (Computational Problem Solving), COMP 120 (Programming Abstractions & Methods) COMP 230 (Advanced Computational Problem Modeling), Comp 365 (Principles of Information Security), Math 150 (Calculus I), Math 151 (Calculus II), ISYE-330 (Engineering Statistics)

EXPERIENCE:

USD MICAH Fellowship

Alameda & Oakland, CA

Teacher Assistant

May 2025 - July 2025

- Supported a preschool classroom of 25 students from underrepresented communities, assisting lead teachers with daily instruction and year-end operations
- Built individual relationships with 25 students and families, contributing to classroom engagement, smoother transition to next grade level
- Collaborated with 6 staff members across daily classroom operations, including outdoor play supervision, assisting with lesson activities, lunch support, and classroom clean-up

USD College Corps – Jacobs Institute for Innovation in Education

San Diego, CA

AnchorSTEM Project Fellow

August 2025 - May 2026

- Coordinated logistics for Carson Night, recruiting volunteers, organizing event materials, and keeping activities on schedule
- Contributed to AnchorSTEM's research codebase. Coordinated the AnchorSTEM Resume workshop with the Career Development Center at USD.
- Planned and led workshops and events for K-12 students and families, including such as “Exploring through Nature”

Mascot Factory

San Diego, CA

IT Support

March 2026 - Present

- Deployed a GigaTrak production tracking system, replacing manual tracking processes and reducing workload across the production team
 - Built Google Apps Script automations and formula-driven dashboards for monthly and yearly production reporting, eliminating recurring manual report building
 - Developing a Photoshop/Illustrator web automation pipeline using UXP scripting to automate product image generation, reducing a 10-20 image/day manual process to an automated pipeline requiring only quality review by the design team
-

ACTIVITIES

- Society of Hispanic Professional Engineers (SHPE), USD Chapter — Member 09/2024 - Present
- Society of Women Engineers (SWE), USD Chapter — Member 09/2024 - Present
- M.E.Ch.A. (Movimiento Estudiantil Chicano de Aztlán) — Member 09/2024 - Present
